

#ONEBORDER

The #OneBorder coalition brings together individuals, organizations, and communities of the United States and Mexico to strengthen our shared goals of security and prosperity and to deepen our bonds of friendship. We believe in building bridges that connect the best we have to offer. We believe the United States and Mexico have a better future when working together and that a strong border is one that creates safety and prosperity for those on both sides. We believe that cooperative approaches to trade, economic development, security, and human rights are all vital to the success of our region, our nations, and above all, our people.

We are one region. We are one community. We are #OneBorder. Somos #UnaFrontera.
